PROFILE

An aspiring valuation and finance professional with a passion for understanding how businesses create and sustain value. As the Founder of Redwalk Events (OPC) Private Limited and a Finance and Business Management student at the Indian Institute of Management Jammu, I bring together analytical rigor, creative thinking, and leadership experience to solve problems, build ventures, and contribute meaningfully to the organizations I work with.

WORK EXPERIENCE

Redwalk Events (OPC) Private Limited.

June 2026 - Present

Founder

- Building a startup in the MICE (Meetings, Incentives, Conferences, and Exhibitions) Industry.
- Heading a staff of 6 employees, managing all business functions and scaling across Lucknow.

Paws and Claws (A Student-led NGO)

260 Weeks, 2019 - 2024

Drive Head and Volunteer

- Coordinated 20+ animal welfare drives across 15+ key localities in Lucknow, leading volunteer efforts and ensuring seamless execution of community outreach initiatives.
- Supported animal vaccination campaigns and human welfare drives, distributing blankets, food, and drinking water to underserved communities through crowd-funded donations exceeding ₹10,000.
- Actively contributed to animal welfare initiatives by participating in field drives, strategic planning meetings, and community engagement efforts to advance sustainable welfare programs.
- Directed volunteer operations for 100+ participants, coordinating logistics, task delegation, and cross-team communication to ensure smooth execution of welfare initiatives.

PROFESSIONAL CERTIFICATIONS

- Completed **Lean Six Sigma Green Belt** certification by Grant Thornton, gaining practical training in process improvement, DMAIC methodology, root cause analysis, waste reduction, and data-driven decision making.
- Completed **Bloomberg Market Concepts (BMC)**, developing practical proficiency in Bloomberg Terminal usage, macroeconomic interpretation, fixed income analysis, equity valuation and financial data analysis.
- Completed **IBM AI Literacy** certification, building real understanding of AI fundamentals, generative AI, responsible AI, AI Copywriting using Gemini, AI ethics, enterprise adoption, governance and practical business applications.

PROJECTS AND CASE COMPETITIONS

- Monte Carlo Simulation Model to predict the Operational Cashflows of a Petrol Pump in Jammu, Nagrota.
- Presented a Capital Budget Analysis of BharatPay at IIM Amritsar's National-level Case Competition to assess financial health of the company and evaluate IPO proceedings.
- Analyzed Lucknow's city-wide economic issues in a comprehensive report for a National-Level Case Competition Organized by IIM Lucknow and Lucknow Developmental Authority (LDA).
